

Privacy Policy

Walled Networks, is strongly committed to protecting the privacy of those who entrust us with their personal information.

Our customers, and all those who do business with us, trust and expect that we will protect their personal information.

Definitions

The following terms are used throughout this document and are defined here for clarification.

Personal data

“Personal data” means any information or set of information that identifies or can reasonably be used to identify an individual. Personal data do not include information that is encoded or made anonymous, or publicly available information that has not been combined with non-public personal information.

Website Usage Information

We use your IP address to help diagnose problems with our server, and to administer our Web site. We do not link your IP address to any personally identifiable information. We use tracking information to determine which areas our site users visit based on traffic to those areas. Walled Networks does not track what individual users read, but rather how often each page is visited.

The Information We Collect

The delivery of Our services requires users to give us contact information that may include name, email address, address, and similar information. We do not request sensitive information from our visitors or clients, such as credit card or social security numbers, unless they are signing up for and paying for our services. We never sell, share or trade any of our customer information with other companies.

Privacy Principles

The following privacy principles apply to the collection, use and disclosure of personal data by Walled Networks in conducting business activities.

Notice

Walled Networks will inform individuals about the purposes for which we collect and use personal data about them, how to contact us, the types of non-agent third parties with whom we may share personal data, and any ways that individuals may limit the use and sharing of such data. This notice will be provided when individuals are first asked to provide personal data or as soon thereafter as is practicable.

Choice

Walled Networks will offer an individual the opportunity to choose (opt out) whether personal data are (a) shared with a non-agent third party or (b) used for a purpose other than that for which the data were originally collected or subsequently authorized by the individual.

Access

Walled Networks provides customers with online access to personal data about them, and they may correction or amend the personal data that they believe to be incorrect or incomplete.

Onward Transfer

Walled Networks will only transfer personal data to a non-agent third party where consistent with the notice provided to the individuals who are the subject of the data and any consent that those individuals have given.

Information Integrity

Walled Networks will only use and share personal data about individuals in a way that is consistent with the purposes for which the data were collected or subsequently authorized by those individuals. To the extent necessary for those purposes, Walled Networks will take reasonable steps to ensure that the data are accurate, complete, and current.

Information Security

Walled Networks will take reasonable precautions to protect personal data from loss, misuse and unauthorized access, disclosure, alteration and destruction.

Enforcement

Walled Networks has put in place mechanisms to verify our ongoing adherence to these privacy principles. We encourage individuals covered by this Policy to raise any concerns that they have about the way that we process their personal data by contacting us at the address below, and we will do our best to resolve them.

Limitation on Scope of Principles

Adherence by Walled Networks to these privacy principles may be limited to the extent required to meet a legal, governmental, national security or public interest obligation.

How to Contact Us
